THE 42nd ANNUAL REPORT

OF THE

COMMITTEE OF MANAGEMENT.

YEAR ENDING 31ST DECEMBER, 1928.

The Committee of Management have pleasure in submitting their Forty-second Annual Report and Statement of Accounts for the year ending 31st December.

The Committee deeply regret to record the death, in September last, of their Vice-President, Mr. Richard Sharp. Mr. Sharp was one of the earliest members of the Management Committee and took a keen and close interest in the welfare of the Infirmary. As Vice-President and Chairman he was assiduous in attendance at all meetings until a very short time before his death. They feel that by his death the Institution has lost one of its oldest and warmest supporters and express with deep sorrow the loss which the Infirmary has suffered.

During the year certain improvements have been made, to mention one the removal of the old stoves from the Wards and the substitution of a modern system of hot water heating in their place.

By the Will of the late Miss M. A. Sharp, of John Street, Workington, who died in June last and left the residue of her estate to the Infirmary for the augmentation of the Income, this Institution has benefited to the extent of £954 12s. 1d., and, as the Executors paid over this amount in December last, it has been invested.

The Architect has been instructed to prepare plans for the proposed extensions to the Infirmary, which will be ready for the public to inspect in due course, and it is hoped anybody who is anxious to give a donation, however small, will avail themselves of the opportunity of inspecting the plans.

The collection of silver paper and tinfoil which was started by the Infirmary Staff last year has benefited the funds to the extent of £10 15s. 2d. placed to the Building Account.

Again the Committee wish to thank the members of the Special Collecting Committee for the large increase in their collections, and the sum of £500 has been paid over as the result of the untiring energy and interest which they have always shown in the welfare of the Infirmary.

It is with the greatest pleasure that this Committee again thank the Subscribers and Donors, the Medical Practitioners of Workington, the Auditors for their gratuitous and valuable services, and all who in any way helped to make this a successful year for the Infirmary.

By Order of the Committee of Management,

ARCHITECT'S REPORT.

WORKINGTON,

15th January, 1929.

*To the Governors and Committee of the
Workington Infirmary.*

Gentlemen,

I beg to report to you as follows :—

No works of importance have been undertaken during the past twelve months.

The Wilson Ward and Children's Ward have had the old central stoves removed and have been heated with radiators from the existing Hot Water System ; the floors of these Wards have also been planed over and repolished ; wall cupboards removed and other minor improvements.

The Staff Bathroom on the first floor has been reconstructed so as to form two bathrooms and fitted up with modern baths, etc. This is a very great and much needed improvement.

The Theatre and other rooms have been thoroughly washed and cleaned down, and all necessary minor repairs have received attention. The whole of the Buildings, Drainage, Lighting, etc., have been maintained in an efficient state of repair.

I beg to remain,

Your obedient Servant,

H. OLDFIELD.
